

# Playing for Pink

We play for those who have been impacted by breast cancer.

Throughout the fall of 2023, Runway for Recovery is partnering with school teams across the country to host a Playing for Pink game. We'd love to count you in!

Runway for Recovery provides a continuum of support for families impacted by breast cancer. Your sports teams can join in the effort to fund local children whose caregiver is a Stage IV metastatic patient or whose caregiver has passed away from the disease.

## Next Steps:

- Choose a date(s) to Play for Pink
- Set a fundraising goal for your school or team
- Decide on team gear\*
- It's Game Time!
- When possible, a Runway staff member will be available to the team/school via Zoom or In Person to talk about the impact of Runway's program and age-appropriate education on breast cancer prevention.

The Runway is shorter when we *play together*.

\*Commitment Level:

\$1000+ commitment will receive socks | \$2500+ commitment will receive t-shirts
