

# PLAYING *for* PINK

Runway for Recovery provides a continuum of support for families impacted by breast cancer. You can join in the effort to fund local children whose caregiver is a Stage IV metastatic patient or whose caregiver has passed away from the disease.

Throughout the fall of 2024, Runway for Recovery is partnering with school teams across the country to host a Playing for Pink fundraiser game. We'd love to count you in!

Our program includes a virtual or in-person presentation by a Runway Team member, a fundraising page, a social media post in support of your efforts, and swag to wear at the game.
